RE: Fertilizer Minerals  
Clawson 1-2-3 Mine  
ACT/039/001  
San Pete County, Utah

Dear Mr. Turrel:

The Division has just received a copy of a letter dated June 3, 1983 to you from Mr. James R. Gillespie addressing some concerns regarding your mining activity in San Pete County.

In researching our files I find that U. S. Ferto Corporation does not have approval to mine under the Utah Mined Land Reclamation Act of 1975. Even though you may have a permit to mine from the U. S. Forest Service, a State permit from the Division of Oil, Gas and Mining is also necessary.

Enclosed please find a copy of the UMIRA and an MR Form 1 to be completed by U. S. Ferto Corporation and returned to this office by July 29, 1983 along with required maps and drawings including copies of any U. S. Forest Service applications, Environmental Assessment Reports, evidence of reclamation surety and appropriate permits.

I apologize for this apparent oversight on our part and promise to expedite the state permitting process as much as possible to correct this situation and resolve Mr. Gillespie's concerns. Your cooperation in a speedy resolution is very much appreciated. If you have any questions or require any assistance, please don't hesitate to call.

Sincerely,

JAMES W. SMITH, JR.  
COORDINATOR  
MINED LAND DEVELOPMENT
